An urban winery in the heart of Willamette Valley Wine Country

WALNUT CITY WINEWORKS

PRODUCING GREAT WINES FROM THE GROUND UP

The purity, concentration, and richness unique to the Willamette Valley are captured in complex, fruit-driven wines with complementary oak profiles. But zero pretension.

Robinson Vineyard, in the west hills of the lush Willamette Valley, produces small quantities of premium Pinot Noir. The intensely flavored fruit is smooth and sophisticated, signature to Robinson Reserve.

Taste. Savor. Learn. Enjoy.

Single-vineyard Pinot Noir from grapes grown in the Eola Hills. Unfined and unfiltered age-worthy red wine. Early-release white wines.

Luscious Old World-style Pinot Noirs from La Cantera Vineyard in the Chehalem Mountains.

TASTING ROOM

Our winery, which began as a walnut processing plant, is serious about making great wine and serious about enjoying great wine. In the comfortable adjoining Tasting Room visitors can savor our wines while having an interactive view of winemaking activities through observation windows—a unique vantage point.

We're in the center of Wine Country's capital—just blocks away from a dozen other in-town wineries, two breweries, a number of fine-dining restaurants, and great shopping, history, and lodging.
